## Access to Virginia Motor Vehicle Records

The Drivers Privacy Protection Act passed in 1994 prohibits the release and use of certain information from State motor vehicle records. There are several exemptions to this bill including two that are applicable to our industry:

- (4) For use in connection with any civil, criminal, administrative, or arbitral proceeding in any Federal, State, or local court or agency or before any self-regulatory body, including the service of process, investigation in anticipation of litigation, and the execution or enforcement of judgments and orders, or pursuant to an order of a Federal, State, or local court.
- (8) For use by any licensed private investigative agency or licensed security service for any purpose permitted under this subsection.

The Commonwealth of Virginia has established additional guidelines on who can access what information. For example, did you know that compliance agents can obtain more information than private investigators?

Our speakers are Janet Williams and Marsha Benjamin are responsible for the User Agreement Services with the Virginia Department of Motor Vehicles (DMV). **They will provide a better understanding of what information is available to private investigators and how YOU can obtain access to DMV information/records.**

Plan now to attend this event!

If you know someone that would benefit from this meeting or think it might be of interest to a colleague, please invite them. PISA meetings are open to everyone.
